

You're invited to request the Galleri[®] test!

1. Visit [Galleri.com/firefighters](https://galleri.com/firefighters) to learn about the Galleri test

2. To request the test, click **"Request the Galleri Test"**

Who is eligible?

If you are a first responder, you may request the Galleri test at a reduced cost of \$649 using the Galleri Key provided to you.

Request the Galleri test ←

The Galleri test is available by prescription only. The Galleri test is recommended for use in adults with an elevated risk for cancer, such as those aged 50 or older. The Galleri test does not detect all cancers and should be used in addition to routine cancer screening tests recommended by a healthcare provider.

Use of Galleri is not recommended in individuals who are pregnant, 21 years old or younger, or undergoing active cancer treatment.

3. Click **"Continue to Galleri Portal"**

You are now leaving the Galleri website

To request the test you will need a Galleri Key.

Your Galleri Key can be found on the Galleri communication you received.

Continue to Galleri portal → ←

4. Enter your **personal** email address (not work or company email address).
Re-enter that same personal email address to confirm the email address is correct.

Start your request

Please note the Galleri® test is only commercially available in the US at this time.

received here

7. Click **continue**.

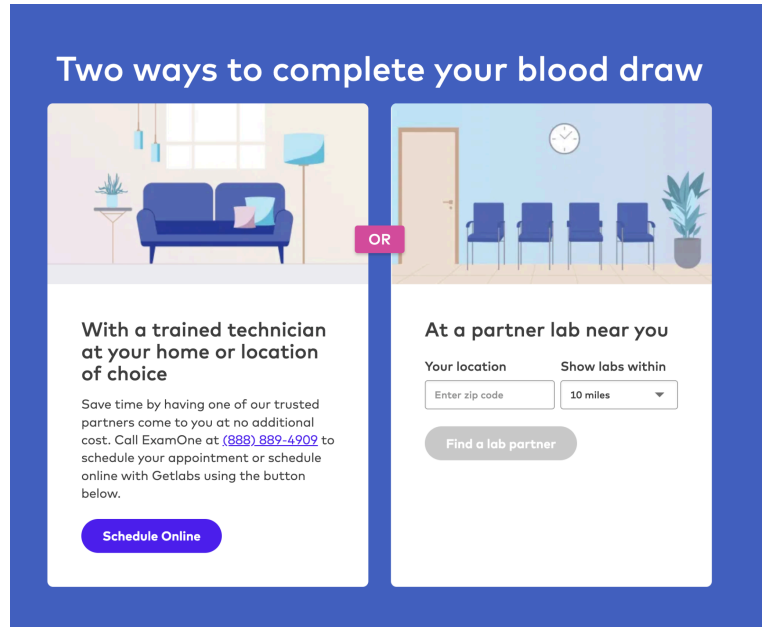

8. Under “Where will you have your blood drawn?,” choose **“At a lab or location of choice with a trained technician.”** A Galleri collection kit will be shipped to the address you provide.

The screenshot shows the Galleri website's selection screen. On the left is a vertical navigation menu with steps: Introduction (checked), Basic Information (active), Healthcare Provider, Clinical Questions, Review & Submit, and Checkout. The main content area is titled 'Select the option for you' and '1 of 2'. The question is 'Where will you have your blood drawn?'. There are two options: 1. 'At a lab or location of choice with a trained technician' (highlighted with a blue border and icon of a building), which includes a note that a collection kit will be mailed to you with instructions on how to schedule an appointment either at a lab or at home. 2. 'At an invite-only onsite Galleri blood draw event' (light blue background with a calendar icon), which includes a note that you'll schedule a blood draw appointment through your organization that has already invited you to the event. A 'CONTINUE >' button is at the bottom.

9. Click **continue**.
10. Answer a brief health questionnaire, submit your test request, and check out.
11. Your test request will be reviewed by an independent telemedicine provider. If your request is approved by the independent telehealth provider, you will receive an approval email. This approval email will include a **Test Requisition Form that you must print and bring to your appointment**.
12. After you receive your Galleri test kit in the mail, schedule your blood draw by visiting [Galleri.com/schedule](https://www.galleri.com/schedule).

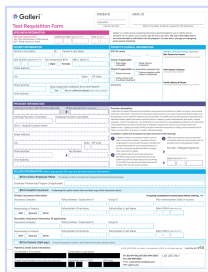

The screenshot shows the 'Complete your blood draw' page on the Galleri website. The top navigation bar includes 'Resources', 'Contact Us', and 'Login'. Below the Galleri logo is a menu with 'What is Galleri?', 'Patients', 'Healthcare Providers', and 'Galleri for Business', followed by a 'Get Started' button. The breadcrumb trail reads 'PATIENT OVERVIEW > SCHEDULE YOUR BLOOD DRAW'. The main heading is 'Complete your blood draw'. Below it, a paragraph states: 'The blood draw is available at no additional cost to you, if it is done through one of our partner labs. There are two ways to [schedule your blood draw](#):' followed by a numbered list: 1. Have a trained technician come to you, or 2. Visit a partner lab location near you. On the right, a vertical timeline with three steps: 1. 'Receive the Galleri collection kit' (The kit will be shipped directly to you or given to you by your healthcare provider.), 2. 'Schedule your blood draw' (Your blood draw can be conducted at no additional cost through one of our lab partners.), and 3. 'Receive your results' (Within about two weeks after your sample is received at the GRAIL lab, you'll receive your result.).

- 13.** Choose one of two ways to complete your blood draw:
- With a trained technician at your home or location of choice**
or At a partner lab near you.
- Follow the on-screen instructions to schedule your blood draw. The blood draw is included in the price of the test if scheduled with one of our lab partners.

- 14. Print the Test Requisition Form** that was emailed to you with your order approval.
- 15. Attend your blood draw appointment.** Fasting is not required. Make sure to hydrate leading up to your appointment as you would for any blood draw.

Don't forget to bring to your appointment:

- 1. Your printed Test Requisition Form that was emailed to you with your order approval.** This is your test order and is needed to complete your blood draw.

- 2. The Galleri collection kit** that was shipped to you. You can open the shipping box but **do not break the quality seal or open the test kit.**

- 16.** Your results will be delivered via email (from support@recurohealth.com) and/or phone call within 4 weeks. Learn more about the Galleri test results at Galleri.com/results. If it has been more than 4 weeks since your blood draw and you have not received your results, please contact GRAIL Customer Service at **833-694-2553**.
